VAT	Value Added Tax
WDCs	Wards Development Committees

I.0 Introduction to the Budget Manual

I.1 The Definition of the Budget

A budget is a financial plan of action for a period that describes the sources and uses of funds, prepared before the period it relates to. It is also a process of translating the government's policies into programmes and a series of activities that are aimed at improving service delivery and socio-economic development. Budget is therefore an annual financial plan on how the government would manage anticipated public financial resources that would accrue during an incoming fiscal year for the benefit of the citizens.

The need for a Local Government Council (LGC) budget is an express requirement of the Borno State Local Government Law 2001 and its several amendments provides that "The Local Government Council shall in addition to any other powers conferred on it by the Law and any other Law, have the function of approving and amending the annual budget of the Local Government subject to the Chairman's veto which may be set aside by two-thirds majority of the Local Government Council.

I.2 Purpose of this Budget Manual

The Budget Manual sets out the annual budget processes of the Borno State LGCs. The manual defines the practices that the departments and/or budgetary units should adopt to plan and prepare annual budgets. The manual provides practical step-by-step guidelines and tools to make the process easy and understandable.

The Manual will be used in conjunction with extant laws, rules, regulations, and manuals guiding financial and budgeting management. The extant laws, rules, regulations, and manuals are:

-

- 1999 Constitution of the Federal Republic of Nigeria (as amended);
- Borno State Local Government Law, 2001 and its several amendments,
- Borno State Fiscal Responsibility Agency Law, 2020
- Borno State Bureau of Public Procurement Law, 2020,
- Borno State Board of Internal Revenue Service (Re-establishment, Harmonisation and Administration Law, 2020,
- A Law to Establish the Office of the Auditor General to the Local Government, 2021,
- Local Government Financial Memorandum 2001 and reviewed in 2009, and
- Local Government Budget Classification Codes and Chart of Accounts 2025.

I.3 Structure of the Budget Manual

The Budget Manual is divided into 6 (six) sections as indicated in Figure 1 below.

Figure I: Structure of the Manual

2.0 Planning and Budget Process Calendar

There are various activities to be performed in each stage of the annual budget process. Each activity must be performed by an entity within a fixed timeline for the appropriation bill to be approved by the LGC Legislative Council before the start of the fiscal year. The budget calendar states the stages and/or activities, the responsible entity or entities, and the timeline (i.e., period for performing each activity).

The Local Government calendar for planning and preparation of the annual budget is presented below:

Table I: Budget Calendar

S/N	Stages	Dates	Responsibility
I.0	Preparation of Local Government Medium Fiscal Framework		
I.1	Setting up of Local Government Council (LGC) Budget Committee	May	Local Government Chairman
I.2	Consolidation of LGC budget performance and outturn for the preceding 5 years, first and second quarter current year, and 3-year projected revenue from internal sources.	May	LGC Budget Committee

S/N	Stages	Dates	Responsibility
1.3	Medium-Term Fiscal Framework Stakeholders Session	June	State Ministry of Finance, Budget and Economic Planning, in collaboration with the Bureau for Local Government, Tradition & Chieftaincy Affairs, and LGC Budget Committees
1.4	Preparation of LGC Medium-Term Fiscal Framework and accompanying policy Statement	June	State Ministry of Finance, Budget and Economic Planning, in collaboration with the Bureau for Local Government, Tradition & Chieftaincy Affairs
2.0	Budget Preparation and Approval		
2.1	Issuance of Budget Call Circular	July	State Bureau for Local Government, Tradition & Chieftaincy Affairs
2.2	Town Hall Meeting on Budget Policy Thrust and Stakeholders' Input on Projects/Activities	July -August	LGC Chairmen and LGC Budget Committee
2.3	Preparation of Budget Proposals	July – August	LGC Departments, Units, and Offices
2.4	Budget Defence and Bilateral Discussions	September	LGC Planning, Research and Statistics and LGC Budget Committee
2.5	Consolidation of Local Government Budget	September	LGC Planning, Research, and Statistics Department
2.6	Review of Local Government Budget Estimates	September	LGC Executive
2.7	Submission of Draft LGC Budget to State Bureau for Local Government, Tradition & Chieftaincy Affairs	September	LGC Executive
2.8	Bilateral Meetings with LGCs to review draft estimates	September – October	State Bureau for Local Government, Tradition & Chieftaincy Affairs, in collaboration with the Ministry of Finance, Budget and Economic Planning, Local Government Service Commission, Auditor General of Local Government, Board of Internal Revenue, and the LGC Executive
2.10	Updating of LGC draft Budget	October	LGC Budget Committee and LGC Executive
2.11	Presentation of the draft Budget to the Local Government Legislative Council	October	LGC Chairman
2.12	Review and Approval of LGC Budget	October - December	LGC Legislative Council
2.12	Forward Approved LGC Budget to the State Planning Commission	December	Local Government Chairman

S/N	Stages	Dates	Responsibility
2.13	Publication of LGC Budget	December	Local Government Budget Committee
3.0	Budget Execution and Control		
3.1	Request for Work Plan	January	LGC Planning, Research and Statistics
3.2	Preparation and submission of Work Plan	January	LGC Departments
3.3	Preparation of LGC Budget Profile and Cash Plan	January	LGC Treasurer and Planning, Research and Statistics
3.4	Implementation of Budget	January – December	Departments
4.0	Budget Performance Review and Reporting		
4.1	Produce first, second, third, and fourth quarter budget implementation reports	April, July, October, and January	LGC Planning, Research, and Statistics Department
4.2	Issue consolidated first, second, third, and fourth quarter LGCs budget implementation reports	April, July, October, and January	State Bureau for Local Government, Tradition & Chieftaincy Affairs
4.3	Public dissemination of quarterly and consolidated annual budget implementation reports		State Bureau for Local Government, Tradition & Chieftaincy Affairs

3.0 Fiscal Forecasting

3.1 Overview

Fiscal Forecasting is the process of estimating aggregate LGC resources within a Medium-Term Fiscal Framework (MTFF). This is through an assessment of prior fiscal and economic performance (i.e., a backward-looking piece of analysis providing context for the future-looking fiscal and budget framework) and developing realistic macro-fiscal projections of total resources, both from federation accounts and the State's internal revenue, and LGC internal revenue.

The estimated LGC overall resources (from all sources over a medium-term timeframe - for example, 3 years) will be used to provide an aggregate resource constraint to guide the planning process, i.e., provide envelopes for the LGC to prepare a realistic annual budget.

3.2 Revenue Sources for Local Government Councils

There are two major sources of revenue for LGC: internal and external.

3.2.1 Internal Sources of Revenue

The 1999 Nigerian constitution made provisions for LGC to collect revenue from the following internal sources:

- Rates - which include property rates, tenement rates, education rates, street lighting, shops, and kiosks rates;
- Taxes and levies such as market taxes and levies, excluding any market where state finance is involved;
- Fines and fees, which include court fines and fees, motor park fees, forest fees, public advertisement fees, market fees, wheelbarrow and cart fees, other than a mechanically propelled truck;
- Regulated premises fees, registration of births and deaths, and licensing fees, permits, and fines charged by Customary Courts;
- On and off Liquor License fees, Slaughter slab fees, Marriage, birth, and death registration fees;
- Radio and Television licenses; and
- Miscellaneous sources such as rent on council estates, royalties, interest on investment, and proceeds from commercial activities.

3.2.2 External Sources of Revenue

The three main external sources of revenue are:

- Share of revenues that are collected nationally – Statutory Allocation, Value Added Tax (VAT), Other Federation account ad hoc distributions.
- Share of State's Internally Generated Revenue (IGR); and
- Aids and Grants to LGC.

3.3 Forecasting Federation Account Transfers, State IGR Share, and Internal Revenue

As noted in Section 3.2, the largest source of revenue for LGC is the transfers from the Federation Account and LGC's share of State Internally Generated Revenue (IGR).

The State Government will produce a Medium-Term Expenditure Framework document whose content includes a detailed Medium-Term Fiscal Framework (MTFF) – a three-year projection of aggregate revenues and expenditures based on a set of macro-economic and crude oil assumptions. This includes estimates for Statutory Allocation, VAT, other federation account transfers, and IGR for the state.

The forecasting technique used for both Statutory Allocation, VAT and other Federation Account distributions in the State MTEF document estimates gross revenue accruals to the Federation Account (Mineral Revenues, Companies Income Tax and Customs and Excise for Statutory Allocation, and VAT) and then uses the sharing ratios (vertical and horizontal) to estimate the share to Borno State. The same model can be used to estimate the shares to each of the 16 LGCs in Borno State.

State IGR is also forecast for three years in the State MTEF document. As with the federation account transfers, the IGR will be forecast by the Borno State Government, and the percentage due to the 16 LGCs will be calculated.

The LGC Budget Committee will use similar forecasting techniques to forecast the internally generated revenue.

3.4 State and LGCs Consultation on MTEF

Before finalising the Medium-Term Fiscal Framework, the State Ministry of Finance Budget and Economic Planning, in collaboration with the State Bureau for Local Government, Tradition & Chieftaincy Affairs, will hold a session with the Chairmen, Treasurers of the LGC, and the LGC Budget Committee to explain macroeconomic indicators, benchmarks, and assumptions used in preparing the LGC Medium Term Fiscal Framework. The State Government will also use the session to obtain specific LGC information and socio-economic data (including data on internal revenue generation efforts and strategic priorities of the LGC) that will be useful in setting the Statewide overarching goals/objectives, and priorities that will guide the State and LGCs' annual budgets.

3.5 LGC Medium Term Fiscal Framework and Accompanying Policy Statement

The State Ministry of Finance, Budget and Economic Planning will complete the State Medium Term Fiscal Framework and Fiscal Strategy Paper (MTFF/FSP) and Budget Policy Statement (indicating the State objectives, priorities, and budget policy thrust) to guide the State annual budget. The State Ministry of Finance, Budget and Economic Planning will transmit the State MTEF/FSP to the State Executive Council and the State House of Assembly for review and approval.

The State Bureau of Local Government, Tradition and Chieftaincy Affairs, in collaboration with the State Ministry of Finance, Budget and Economic will produce the LGC MTFF from the State MTEF/FSP. The State Bureau of Local Government, Tradition and Chieftaincy Affairs will also prepare the LGC Annual Budget Policy Statement (indicating the LGC priorities and budget policy thrust) to guide the LGC annual budget.

3.6 Transmitting the LGC Medium Term Fiscal Framework and Accompanying Policy Statement to LGC

The State Bureau for Local Government, Tradition & Chieftaincy Affairs, will transmit the LGC Medium Term Fiscal Framework and the accompanying Policy Statement to each LGC for preparation of the annual budget in the form of a Budget Call Circular (BCC). The BCC will,

in addition to the MTFF and Policy Statement, contain detailed guidelines, templates, and timelines for the budget preparation.

4.0 Budget Planning, Preparation, and Approval

4.1 Overview of Key Activities in the Annual Budget Process

The steps for LGC Budget Preparation and Approval are highlighted below.

Step 1: Community Engagement and Needs Assessment

- **Ward Development Committees (WDCs)** and **traditional leaders** are consulted to identify **community needs** in health, education, infrastructure, water sanitation and hygiene, and community development.
- Local Government Councils conduct **town hall meetings** to ensure public participation in budget planning.

Step 2: Budget Preparation

- The **LGC Budget Committee** drafts the budget based on state fiscal policies and revenue projections based on the harmonized budget classification and the chart of accounts.
- Revenue sources include **Federation Allocations (FAAC), Internally Generated Revenue (IGR), and Grants** from federal, state, and development partners.
- Expenditure is categorized into **recurrent** (salaries, overhead costs) and **capital** projects (i.e., basic education, primary healthcare, feeder roads, water sanitation and hygiene, community amenities, etc) clearly showing the spending entity, function, programme, fund and geo-location based on the harmonized Niger State LGCs budget classification and the chart of accounts.

Step 3: Budget Review and Endorsement by LGC Executive Councils

- The LGC Executive will review the draft LGC budget for compliance with fiscal guidelines. The LGC Chairman will endorse the LGC draft budget to the State Bureau for Local Government, Tradition & Chieftaincy Affairs.

Step 4: Review, Bilateral Discussion, and Consolidation of all LGCs' Budgets by the Ministry of Local Government and Chieftaincy Affairs

- On receipt of the LGCs' approved budgets, the State Bureau for Local Government, Tradition & Chieftaincy Affairs, should arrange for bilateral discussions with all LGCs to review the draft approved LGCs' budgets. The purpose is to ensure that the budgets are in line with the objectives of the State and LGCs as contained in the State Development Plan and LGCs Development Plans, the LGC total budget size and departmental expenditures are consistent with the fiscal forecasts, and compliance with the requirements as provided in the budget call circular.

Step 5: Transmission of LGC Budget to the Chairman of LGC

- The State Bureau for Local Government, Tradition & Chieftaincy Affairs, will transmit the reviewed LGC Budget to the Chairman with comments for updating by the LGC.
- The LGC Executive will update the LGC Budget based on comments and input from the State Bureau for Local Government, Tradition & Chieftaincy Affairs.

Step 6: Presentation of LGC draft Budget to LGC Legislative Council

- The Chairman of the LGC will present the draft budget to the LGC Legislative Council.

Step 7: Approval of the Budget by the LGC Legislative Council

- The LGC Legislative Council will review the LGC budgets and may hold public hearings with different interest groups for this purpose.
- Thereafter, the LGC budgets will be approved by the LGC Legislative Council.

4.2 Local Government Chart of Accounts and Budget Preparation Template

4.2.1 Local Government Budget Classification Codes and Chart of Accounts

The Borno State Local Government's harmonised Chart of Accounts (COA) will serve as the standard framework for budget preparation, budget implementation, financial reporting, and accounting across all the LGCs in the state. The COA will promote and ensure uniformity, transparency, and compliance with relevant financial regulations, including the National Chart of Accounts (NCOA) and IPSAS (International Public Sector Accounting Standards).

The Borno State Local Government COA is consistent with the National Chart of Accounts (NCOA). The various COAs of federal, state, and local government councils were harmonized in 2012 to the NCOA, which is in line with international best practices. The NCOA comprises the coding of items used for classification, budgeting, accounting, and reporting within the financial year. Therefore, the Borno State Local Government COA serves to facilitate and systematise the recording of all transactions and is linked to General Purpose Financial Statements (GPFS).

The Borno State Local Government COA, as reflected in the NCOA, has the following key features:

- Each item has a unique code;
- Used for both budgeting and Accounting;
- IPSAS Cash and Accrual basis compliant;
- International Monetary Fund (IMF) Government Financial Statistics (GFS) 2014 compliant;
- In compliance with Classification by Functions of Government (COFOG).

The structure of the Borno State Local Government COA is as presented in the table below:

Table 3: Structure of the National Chart of Accounts

S/No	Segment	No of Digits	Description
1	Administrative	12	Entity Responsible/Cost or Revenue Centre/Who? e.g. Department of Health
2	Economic	8	What Transaction? e.g. Expenditure on Local Travel & Transport
3	Functional	5	Purpose? e.g. General Medical Services
4	Programme	14	Why? e.g. Primary Health Care
5	Fund	5	Source/Financed by? Main Envelope- CRF, Domestic Aid & Grants
6	Geo Codes	8	Where? (Location of Benefit of Transaction) e.g. Nsukka LGC, Enugu State
TOTAL		52	

4.2.2 LGC MS Excel Budget Preparation Template

The budget proposals from all departments and budgetary units will be produced using the approved MS Excel Local Government Budget Preparation Template (available from Borno State Ministry of Finance, Budget and Economic Planning).

The MS Excel Local Government Budget Preparation Template's structure is below.

Table 4: Structure of Budget Preparation Template

Worksheet	Input / Output	Description
0. Calibration	Input	This section contains the options for choosing the State or local Government, budget year (the year for which the budget is being prepared), the period for current year budget performance, and budget status. Also requires identification of the code for LG Receipt of Share of State IGR.
X. Checks	Output	Check the integrity of the coding to ensure the summations across all reports are consistent and that there is no missing coding in the data worksheets (blue worksheet tabs as described below)
I. Rec Revenue	Input	Provides columns to paste the revenue proposals from all departments. A total of 500 rows for capturing all Department submissions. Requires administrative, economic and fund segment coding.
2. Personnel	Input	Provides columns to paste the personnel proposals from all departments. A total of 500 rows for capturing all

Worksheet	Input / Output	Description
		department submissions. Requires administrative, economic, functional, and fund segment coding.
3. Overhead	Input	Provides columns to paste the overhead (all non-personnel recurrent expenditure) proposals from departments. A total of 2,000 rows for capturing all Department submissions. Requires administrative, economic, functional, and fund segment coding.
4. Capital	Input	Provides columns to paste the Capital Expenditure proposals from departments. A total of 500 rows for capturing all Department submissions. Requires administrative, economic, function, and fund segment coding.
5. Capital Receipts	Input	Provides columns to paste the Capital Receipts proposals from departments. A total of 500 rows for capturing all Department submissions. Requires administrative, economic, and fund segment coding.
A-C (various, 20 worksheets in total)	Output	The template outputs the following Budget reports: A.0i – Budget Summary Tables A.0ii – Budget Summary Graphs A.1 – Budget Overview (Revenue and Expenditure) A.2 – Summary of Expenditure by Department split into Personnel, Overhead, and Capital B.0 – Total Revenue by Administrative Classification B.1 – Revenue by Economic Classification B.2 – Total Revenue by Fund B.3 – Capital Receipts by Item C.0 (and C.0i, ii, and iii) – Expenditure by Administrative Classification (total, then separately for Personnel, Overhead and Capital) C.1 – Expenditure by Economic Classification C.2 (and C.2i, ii, and iii) - Expenditure by Function Classification (total, then separately for Personnel, Overhead and Capital) C.3 (and C.3i, ii, and iii) - Expenditure by Location Classification (total, then separately for Personnel, Overhead, and Capital) C.5 – Capital Expenditure by Project

Worksheet	Input / Output	Description
.c (6 worksheets)	Input	These worksheets are for entering the Borno State Local Governments Chart of Accounts (code and description) for all segments bar the programme segment. Note that economic codes are entered separately for Revenue (Account Class 1) and Expenditure (Account Class 2)
Hidden Worksheets		
Various	Processing	Worksheets that generate the drop-down lists for the coding in worksheets 1-5.

5.0 Budget Execution and Control

5.1 Request for Work Plan

At the commencement of the fiscal year, the BPRS of the LGC should issue a circular to all departments of the LGC calling for monthly and quarterly capital budget work plans for execution, beginning with the first quarter. Details provided by the work plan should include the following:

- Schedule for implementation of recurrent expenditures
- Capital work programme including costing
- Funding requirements
- Work schedule
- Inputs and expected outputs and
- Percentage of completion within each quarter

5.2 Revenue, Expenditure, and Cash Plan

The Head/Department of Finance and Supply (Treasurer) should use the work plans submitted by the departments to prepare aggregate monthly expenditure projections for:

- Personnel costs
- Overhead costs
- Capital expenditure and
- Others

The Treasurer should facilitate the preparation of a realistic monthly revenue forecast for all sources of revenue. The information that should be included in the revenue forecast is as indicated below:

- Name of entity
- Entity code
- Sources of revenue as well as approved estimates and code and
- Monthly collection from each source

The revenue forecast should be consolidated to produce an aggregate revenue forecast. The aggregated cash forecast should be reviewed and compared with the cash requirements for the expenditure projections.

The LGC Treasury should use the aggregate revenue forecast and aggregate monthly expenditure projections to prepare a Consolidated Monthly Cash Plan or Cash Budget for the LGC. Then the Treasurer should review the monthly cash forecasts, monthly revenue forecast, and monthly expenditure projection and approve monthly cash requirement forecasts for each department.

The approved cash limits of the various departments should be formally communicated to the heads of department to enable them to be aware of the limit of their monthly cash expenditure and re-order their priorities as may be necessary.

5.3 Authority to Incur Expenditure

On the approval of the monthly cash requirement forecasts, the DFS shall prepare the following for the approval of the Chairman of the LGC:

- i. A general monthly Authority to Incur Expenditure (AIE) in accordance with the approved monthly cash requirement forecasts for each department for the approved recurrent expenditure; and
- ii A specific AIE for any capital expenditure item of the spending department in the approved budget of the LGC.

5.4 Vote Expenditure Book Management

Each officer controlling a vote is required by the Financial Memoranda for Local Governments to maintain a Departmental Vote Expenditure Account (DVEA) Book containing a separate account for each head or sub-head of the approved estimates for which the officer is responsible. The DVEA book should be used to record all payments made and chargeable to the head and sub-head, all liabilities incurred but not yet paid for, and the balance of funds unspent at any date. Payment vouchers and journal vouchers should be entered into the vote book immediately after they are authorised and accepted. The entries should be initialised by the officer controlling the vote.

At the end of each month, each vote account must be ruled off and the totals of expenditure, outstanding liabilities, and balance of fund available carried forward to the next month. The DVEA book should be reconciled with the daily abstracts and subsidiary ledgers kept in the Treasury. The Treasurer should fix a date for each officer controlling a vote to submit his DVEA book to the Department of Finance and Supply for monthly reconciliation. The Treasurer shall report to the LGC Executive every month on the following:

- i. Any over-expenditure on the vote or allocation;
- ii. Failure to reconcile a D.V.E.A. book with Treasury records; and
- iii. Failure on the part of the officer controlling a vote to submit his records to the Department of Finance and Supply on the appointed date.

In addition, DVEA books shall be maintained by officers controlling revenue votes. The Treasury should reconcile these books on a monthly basis.

5.5 Payment Procedures

The payment procedures of the LGC should involve a set of financial controls intended to enhance accountability of resource management. Therefore, the minimum requirements of the payment procedures are as follows:

- Payment from funds of the LGC should be made either by the Department of Finance and Supply or from an approved Imprest Account. No payment shall be made unless authorised funds are available.
- Each payment must be supported by a properly authorised payment voucher and shall show the relevant head or sub-head of expenditure to be charged.
- Payment vouchers must be authorised by:
 - i. An officer controlling a vote; or
 - ii. An officer to whom an AIE has been issued.
- All payments shall be made by cheque, as much as possible. The LGCs should set the rules specifying payments that can be made in cash.
- Payments for capital projects should involve the following:
 - i. Project Inspection;
 - ii. Pre-payment Inspection Certificate;
 - iii. Certificate of completion and stage-completion;
 - iv. Invoice Received;
 - v. Verification of Services or Goods Delivered;

- vi. Preparation of Payment Vouchers;
- vii. Payment Authorisation; and
- viii. Pre-Payment audit.

As required by the Financial Memoranda, every payment voucher and its supporting documents should be subjected to pre-payment audit carried out by the Internal Auditor, before payment is made. The pre-payment audit is to ensure that:

- i. The payment is properly authorised;
- ii. The payment is correctly charged to the stated sub-head or account; and
- iii. There is sufficient fund to meet it.

The checklist that should be reviewed by the pre-payment audit is:

- Project description;
- Budget control code;
- Organisation code;
- Sub-head code;
- Contractor name;
- Sub-contractor name;
- Tenders Board's minutes of meeting;
- Contract document;
- Certificate of completion;
- Percentage completed and value; and
- Contractor and subcontractor's invoice.

The Internal Auditor should record queries raised during pre-payment audit in a Register of Audit Correspondence maintained in the Department of Finance and Supplies.

6.0 Budget Performance Review, Monitoring and Evaluation

6.1 Overview of Budget Performance Review, Monitoring and Evaluation

The objective of this section is to provide tools and mechanisms to enhance capacity for budget performance reporting and monitoring.

6.2 Budget Performance Reporting

6.2.1 Purpose of Budget Performance Reporting

The purpose of budget performance reporting is to ascertain the actual performance numbers achieved for revenue and expenditure at the end of every month, quarter, or financial year. In other words, a budget performance report is designed to compare how close the budgeted revenue and expenditure were to the actual performance.

6.2.2 Quarterly Budget Performance Reports

Each Local Government Council will produce a quarterly budget performance report within four weeks of the end of the quarter. The budget performance report will include variances, reasons for the major variances, and measures to be taken to maintain and/or ensure that the budget is implemented as intended. The quarterly budget performance report will be forwarded to the Ministry of Local Government for review and publication.

6.2.3 Annual Budget Performance Report

Each Local Government Council should also produce an annual budget performance report within four weeks of the end of the financial year. The annual budget performance report will show how much the approved budget was consistent with the implemented budget; how much the objectives of the budget were realized; and lessons learned.

The Local Government Council will, as a minimum, produce full-year function statistical reports as part of the economic and administrative segments' performance reports.

6.3 Budget Performance Monitoring and Reporting

6.3.1 Objectives of Budget Performance Monitoring

Budget performance monitoring is required to determine how the budget is being implemented to address the following questions:

- Is the budget being implemented as intended?
- Are the right resources acquired at the lowest cost? (measure of input – Economy and value for money)
- Does output from any given activity achieve the set objectives and intended target groups? (a measure of outcomes and goal achievement - Effectiveness);
- Are minimum reasonable resources used to achieve maximum possible output? (a measure of productivity - Efficiency);
- Are the projects being implemented targeted at solving specific problems relating to men, women, and socially excluded groups within the LGC.

6.3.2 Performance Monitoring Tools

Budget performance monitoring and reporting should be carried out immediately after the approval of the budget. There are many basic tools available for effective Budget Performance Monitoring.

Revenue and Expenditure Variance Analysis – This examines the extent to which budgeted revenue and expenditure differ from the actual revenue and expenditure. This analysis is

important to discover negative or positive variances at the earliest possible time for quick and effective corrective measures and actions to be taken to ensure effective and focused implementation of the budget. When detected in time, a negative variance will allow the LGC to either cut back on expenditure or source additional funding, while a positive variance can allow the LGC to plan for additional capital expenditure or investment for future benefit.

Revenue variance analysis - Some key information is needed to be able to determine revenue performance, such as revenue targets by type of revenue source. Revenue performance analysis offers the LGC an adequate estimate of its budgetary revenue constraint, which is fundamental for planning the efficient and equitable allocation of its local public resources.

Expenditure variance analysis – The delivery of public goods and services by LGCs is of primary concern to every citizen in the community because of the expectation that public resources are to be used efficiently to provide the highest level of public services. This analysis compares budgeted expenditure to actual expenditure, especially regarding input i.e. amount of resources (e.g. equipment, labour, supplies and materials, etc.) used in providing a service compared to budgeted amount as well as the comparison of actual results (outputs and outcomes achieved) with planned results (outputs and outcome targets).

Expenditure variance analysis is useful in several ways, such as:

- It can enable LGC managers to identify costs that are much higher or lower than average and to determine why these differences exist;
- It allows for comparison of processes by analysing the performance of a service using a particular technology, approach, or procedure;
- It can be useful in assuring maintenance of standards through monitoring service performance against established performance targets or benchmarks to make internal or external comparisons; and
- Public and Private Sectors comparison – comparing the cost of public service sector delivery to the cost of private sector delivery of the same type of service.

6.3.4 Non-state actors monitoring of allocation, use, and accountability

Non-state actors (public) involvement in monitoring the budget is central to the issue of transparency and accountability. It is fundamental that the public views are correctly reflected in the budget and that the public (citizens) can then monitor whether money has been properly spent, as authorised in the budget. The public should therefore be given every opportunity to participate directly in different stages of the process. This is because the annual budget is the central instrument through which the people authorise the government to spend money on their behalf to achieve the desired socio-economic needs of the locality. Citizens should therefore be involved in monitoring budget performance to say whether their needs or expectations have been met or not.

The public should be involved in the process of drafting the budget as well as monitoring budget implementation performance. Key non-state actors that should be identified and engaged include:

- Civil Society Organisations (CSOs);
- Representatives of Community Development Associations (CDAs);
- Opinion Leaders of the communities that make up the LGC;
- Women's groups/Organizations;
- Traditional and Religious Leaders;
- Youth Leaders;

- Vulnerable groups (e.g., minority ethnic groups, IDPs, the elderly, etc.); and
- The news media.

For effective engagement of non-state actors, it is important to determine the specific type of data and information needed, e.g., overall budget or specific sectors (e.g., health, education, or environment). Sources of data include:

- budget proposals;
- legislative budget committee reports before budget approval;
- official budget documents following approval; and
- budget reports and audit reports during budget execution.

The following issues, among others, should be addressed by non-state actors during budget analysis:

- Appropriateness - are budget allocations in line with the government's stated policy priorities?
- Responsiveness - do they reflect the priorities of men and women priorities and excluded groups in the LGC area?
- Equity - are budget allocations fair and justified?
- Do they address or worsen social inequalities?
- Are allocated funds adequate to meet stated goals?

Annex 1: Borno State Local Government Harmonised Budget Classification Codes and Chart of Accounts

1.0 Structure of the Revised Chart of Accounts

The Chart of Accounts is made up of six (6) segments of 26 parts and 52 digits each, representing an essential detail of each transaction. The 6 segments and their parts are stated in the National Chart of Accounts. (NCOA) is shown below.

S/No	Segment	No of Digits	Description
1	Administrative	12	Entity Responsible/Cost or Revenue Centre/Who? e.g. Department of Health
2	Economic	8	What Transaction? e.g. Expenditure on Local Travel & Transport
3	Functional	5	Purpose? e.g. General Medical Services
4	Programme	14	Why? e.g. Primary Health Care
5	Fund	5	Source/Financed by? Main Envelope- CRF, Domestic Aid & Grants
6	Geo Codes	8	Where? (Location of Benefit of Transaction) e.g. Wukari LGC, Taraba State
TOTAL		52	

2.0 Administrative Segment

Administrative segment or classification provides information on the public sector organizations that incur expenditures or receive revenues on behalf of the government. An administrative classification of expenditure is needed to identify responsibilities for the main blocks of public expenditure and day-to-day administration of the budget. The administrative classification identifies the entity that is responsible for managing the public funds concerned, such as the Treasury, Works & Housing Departments or at the lower level, Local Government Clinic and Internal Audit.

The Administrative segment is made up of twelve (12) digits and is broken down into 5 levels. The levels, components, number of digits and the descriptions are presented below.

Structure of Administrative Segment

Level	Component	Digits	Description
1	Sector	2	Five Sectors are Defined in the National COA
2	Organization	2	Departments (at LG level)
3	Sub-Organization	3	Sections
4	Sub-Sub-Organization	3	Units

Level	Component	Digits	Description
5	Sub-Sub-Sub-Organization	2	Facilities

055100100100	TRADITIONAL RULERS' COUNCIL

3.0 Economic Segment

The Economic segment answers the “What” question of every transaction, whether receipts (revenues) or payments (expenditure). Economic classification identifies the type of revenue received (whether recurrent revenue such as Internally Generated Revenue and Federally collected Revenue or Capital receipts such as Aid & Grants, Loans, etc.) or expenditure incurred (whether recurrent expenditure – personnel cost (salaries and allowances) and Other Recurrent also referred to as overhead costs (transport & travelling, office materials, maintenance of vehicles, etc) and Capital expenditure. Economic Segment has 8 digits and is made up of five (5) different grouping levels, as shown below:

Structure of Economic Segment

Level	Grouping Level	Digit
1	Account Type	1
2	Account Sub-type	1
3	Account Class	2
4	Account Sub-class	2
5	Line item	2

Economic Segment Codes – Revenue

Code	Description
I	REVENUE
II	GOVERNMENT SHARE OF FAAC
II01	GOVERNMENT SHARE OF FAAC

4.0 Functional Segment

The functional classification categorizes expenditure according to the purposes and objectives for which they are intended. Functional Classification or Classification by Functions of Government (COFOG) is defined as a detailed classification of the functions, or socioeconomic objectives, that general government units aim to achieve through various kinds of outlays. It comprises 5-digit codes. A “functional” classification organizes government activities according to their broad objectives or purposes (for example, education, social security, housing, etc.). It is independent of the government’s administrative or organizational structure. A functional classification is especially useful in analyzing the allocation of resources among sectors. It may also be used for tracking poverty-reducing expenditures. COFOG is divided into three levels as presented below.

Functional Segment Structure

Level	Component	Digits
1	Main Functions	3
2	Function Groups	1
3	Function Class	2

5.0 Programme Segment

Programme Segment answers the “Why” question of every transaction according to the purpose or objective. Does the transaction relate to a specific project, and if so, what type of activity?

The programme segment is made up of 14 digits, which comprises Sectors, Objectives, Programmes, Projects, and Activities as presented below.

Programme Segment Structure

Level	Component	Digits
1	Sector	2
2	Objective	2
3	Programme	2
4	Project	6
5	Activity	2

Programme Segment

Code	Description
01	Agriculture
0101	Effective governance of the Agriculture Sector
010101	Legal, policy, regulations and standards, guidelines and protocols development and reviews
010102	Agriculture sector coordination mechanisms
0102	Development of the livestock value chain
010201	Ruminant (cattle, sheep & goats) production and marketing
010202	Meat processing and marketing
010203	Poultry, pig, and micro livestock production
010204	Dairy development
010205	Animal health and livestock diseases management
010206	Livestock feeds development
0103	Enhancement of food production and productivity
010301	Crop value chains and food systems promotion (food and cash crops of state's comparative advantage)
010302	Intensive crop and vegetable production (irrigation, crop diversification etc.)
010303	Farm inputs supply and service delivery system (improved seeds, fertilizer, agro-chemicals etc.)
0104	Reduction of post-harvest losses
010401	Modern technology for post-harvest storage and value addition
010402	Buffer stocking and commodity warehousing
010403	Market linkage
010404	Agricultural produce and quality control
0105	Enhancement of fisheries resources development (aquaculture, marine, inland, artisanal)
010501	Commercial aquaculture development (fish production, feed mills development, fishing inputs etc.)
010502	Commercial coastal and inland fishing
010503	Fish processing and post-harvest management

Code	Description
010504	Marine industrial fishing
0106	Promotion of forest resource conservation and preservation of biodiversity
010601	Forest regeneration and conservation
010602	Eco-tourism development
010603	Non-farm forestry livelihood economics empowerment promotion (apiculture, sericulture etc.) programme
0107	Promotion of enabling environment for increased agricultural development
010701	Integrated rural development (agricultural land development, farm mechanization, & rural infrastructures
010702	Youth and women In agriculture empowerment & smallholder agricultural credit strengthening
010703	Agricultural data and statistic management and institutionalisation of information and communication technology (ICT)
010704	Adaptive research, unified and all-inclusive extension services delivery
010705	Public Private Partnerships (corporate private sector, NGOs, donors & development partners, farmers organizations)
010706	Capacity building for stakeholders and professional human resources development
0110	Agriculture Sector Expenditures Not Elsewhere Classified
011001	Agriculture Programme Not Elsewhere Classified
02	Societal Re-orientation
0210	Societal Re-orientation – General
021001	Societal Re-orientation – General
03	Poverty Alleviation
0310	Poverty Alleviation – General
031001	Poverty Alleviation – General
04	Health
0401	Effective governance of the health system
040101	Legal, policy, regulations and standards, guidelines and protocols development and reviews
040102	Human and institutional capacity performance management
040103	Health sector coordination mechanisms
040104	Integrated supportive supervision
0402	Community engagement and participation in health
040201	Community interventions
040202	Community structures
0403	Enhancement of the delivery of Essential Package of Health Services (EPHS) to all citizens
040301	Reproductive, maternal and neonatal health
040302	Child health
040303	Adolescent health
040304	Communicable diseases
040305	Non-communicable diseases
040306	Nutrition
040307	Emergency services
0404	Provision of the right number and right skill mix of competent, motivated, and productive Human Resources for Health (HRH)
040401	Pre-service training
040402	HRH Performance management
040403	In service training (continuing education)
0405	Provision of adequate and modern health infrastructure for health services delivery
040501	Functional health facilities

Code	Description
040502	Planned Preventive Maintenance (PPM)
040503	Facility electrification, water and sanitation
0406	Provision of quality, affordable, available, and safe medicines, vaccines, and other health commodities
040601	Sustainable drug supply
040602	Vaccines supply chain
0407	Evidence generation and utilisation
040701	Routine information system
040702	Surveys and facility assessments
040703	Research and development (Institutional Review Board, Clinical Trials)
040704	Monitoring and Evaluation (M&E)
0408	Institution and maintenance of a responsive public health emergency preparedness system
040801	Integrated national disease surveillance
040802	Public health laboratories
040803	Emergency Operation Centres (EOC)
0409	Provision of universal health coverage and financial risk protection for citizens
040901	Mobilising equity contributions and vulnerable group funds
040902	Mobilising employers' contributions to the State Social Health Insurance Scheme
0410	Health Sector Expenditures Not Elsewhere Classified
041001	Health Not Elsewhere Classified
05	Education
0501	Effective governance of the education system
050101	Legal, policy, regulations and standards, guidelines and protocols development and reviews
050102	Human and institutional capacity performance management
050103	Education sector coordination mechanisms
050104	Integrated supportive supervision
0502	Increase in access, retention, and completion rate at all levels
050201	Early Childhood Care, Development and Education (ECCDE)
050202	Advocacy and sensitization
050203	School feeding
050204	School-based health
050205	Parental and community support
050206	Tertiary institutions' new courses accreditation
0503	Equity and inclusiveness in the provision of educational services
050301	Inclusive Education
050302	Special education
050303	Nomadic and migrants' education
050304	Second chance education
050305	Girls/Boys child education
050306	Emergency Response
0504	Improved quality of teaching and learning outcomes
050401	All levels of education quality assurance
050402	Instructional and learning materials
050403	Teaching and non-teaching staff capacity building
050404	Curriculum review and development

Code	Description
050405	Teachers' recruitment and deployment
050406	School examination and MLA
0505	Adequate infrastructure at all levels
050501	Schools' infrastructure construction and rehabilitation
050502	Furnishing
050503	Libraries and laboratories
050504	Water, sanitation and hygiene
050505	School safety
0506	Improved education information management system (EIMS)
050601	ICT equipment, software and expertise
050602	Research and development
050603	Data and data management
0510	Education Sector Expenditures Not Elsewhere Classified
051001	Education Not Elsewhere Classified

5.0 Fund Segment

The Sources of Funds refer to the various means of funding government activities. Payments in respect of Salaries and Overhead Costs, for instance, may be funded from the Local Government's regular budget/main envelope, or capital expenditure may be funded from Aid and Grants from local or foreign bodies. Other possible sources of funds are Capital Development Fund, Consolidated Revenue Fund (Charges), etc. The Source of Funds code is used to uniquely identify the particular means of funding each transaction. The structure of the Fund segment is presented below.

Fund Segment Structure

Level	Component	Digits
1	Main Fund	2
2	Sub-Fund	1
3	Fund Source	2

Fund Segment

Code	Description
01	FEDERATION ACCOUNT
011	FAAC DIRECT ALLOCATION
01101	FAAC DIRECT ALLOCATION

6.0 Geo Location Segment

Geographic Codes (Geo Codes, for short) are used to identify the geographical location of the benefit of an expenditure so that an analysis of government budget and expenditure along the various Wards of the Local Government Areas in the State can be done.

Geo Code Segment consists of 8 digits as shown below.

Structure of Geo-location Segment

Level	Description	Digit
1	Geo-political zone	1
2	State	2
3	Senatorial Districts:	1
4	Local Government	2
5	Ward	2

Location Segment

Code	Description
3	North West
208	Borno State
